# BUILDING YOUR MENTORING NETWORK | A Relational Approach to Career Success

with Wendy Murphy

In this interactive workshop, reconsider how you think about mentoring and learn to leverage your mentoring network to propel your career.

Thursday, March 22, 2018

6:00 p.m. Social Hour | 7:00 p.m. Dinner, followed by Lecture  
Engineers Society of Western Pennsylvania | Pittsburgh, Pa.

With job mobility increasing, globalization expanding, and technology advancing, you need more than a steady job and a solid network to keep your career on track. You need mentors--to learn and to grow--whether you're just starting out, are firmly established, or at the top of your profession. Everyone has something to learn, and everyone has something to teach.

*Wendy Murphy is an Associate Professor of Management at Babson College and author of Strategic Relationships at Work: Creating Your Circle of Mentors, Sponsors, and Peers for Success in Business and Life. Her research, teaching, and speaking engagements focus on the intersection of careers, mentoring and work-life issues. In 2014, she was recognized by Poets & Quants as one of the "40 Most Outstanding B-School Profs Under 40 in the World."*
