

# I-90 Cleveland Innerbelt CCG1 – Expediting a Major Project through Design-Build Delivery

*Presented By*  
**Kenneth Wright, P.E. – HDR**  
**John Tracy – Walsh Construction**

The Cleveland Innerbelt CCG1 project was the first Best Value Design Build selection made by the Ohio Department of Transportation. The technical factors included design value, aesthetic value and approach to project quality, among other things. This presentation will overview the design of the project, focusing on the role of the Independent Quality Firm and the challenges associated with that position. It will also focus on the teamwork that led to successful project delivery.
