

# **ASCE Pittsburgh YMF Winter Banquet**

## **Replacement of the Fern Hollow Bridge & Forbes Avenue Multi-Modal Safety Upgrades**

(1 PDH)  
In-Person Event

Eric Setzler, PE  
Chief Engineer - City of Pittsburgh DOMI

Kevin O'Connor, PE  
Senior Project Manager - HDR

**Thursday, January 26, 2023**  
**The National Aviary - 700 Arch St, Pittsburgh, PA 15212**

6:00 pm – Cocktail Hour

7:00 pm – Dinner Buffet

7:30 pm – Presentation

Early Bird Rates: \$10 Students / \$35 Younger Members / \$40 Members / \$55 Non-Members

Regular Rates \$20 Students \$45 Younger Members / \$50 Members / \$65 Non-Members

*Early bird rates through 12/31/2022. Event registration closes 1/12/2023.*

Register at [\*\*www.asce-pgh.org/event-4997365\*\*](http://www.asce-pgh.org/event-4997365)

*No shows/cancellations will be billed.*

### **About the Lecture**

On January 28th, 2022 the Fern Hollow Bridge in Pittsburgh PA collapsed. Although there were some injuries, no lives were lost. Soon after the collapse, a coordinated effort began by the City of Pittsburgh, PennDOT, and many other agencies to replace the bridge. HDR was contacted to design the replacement bridge, which is being constructed by Swank Company, LLC. The Fern Hollow Bridge Carries Forbes Avenue (an NHS route with an ADT over 21,000) over Frick Park, and is a diversion route for Interstate 376 at the Squirrel Hill Tunnels.

This rapid agency coordination, design, and construction effort has resulted in the opening of the structure to traffic in late 2022. Meanwhile, the City of Pittsburgh has planned improvements to the Forbes Avenue Corridor in the project area including a cycle track and various safety improvements to the Forbes and Braddock and Forbes and South Dallas intersections.
